Osto Group

Offering those in need a
hand up not a hand out!

561-203-5886

Our Mission

To meet the needs of those who have fallen on hard times by providing them with quality supplies and the necessities for living. In the course of accomplishing this task, we will never diminish the value of a person or the potential that they hold.

Osto Group

- * Providing ostomy supplies to the un-insured for the cost of shipping and handling .
- * Visit the website to see if the product you desire is in stock. If not, there may be a similar item that may be substituted so don't be discouraged!! Many suppliers have different product numbers but are similar in their fit and function.
- * If we can't find a suitable product or substitution, then we have a buying program established with a medical supply house that can offer you products at a substantial discount. Contact us first so you may get the appropriate information.
- * We gratefully accept all donations at the address below and provide tax deductible receipts for all contributions.
- * For some, even the cost of shipping and handling is too much of a burden. No financial donation is too small to bless someone in need. Can You Help??

Our Values

It is our objective to ensure that every individual receives service that is:

- * Accommodating
- * Courteous
- * Attentive
- * Prompt
- * Compassionate

We will provide these to the best of our ability.
